WYPALL® BRAND

CONFIDENCE IN EVERY CLEAN

Consider the true cost of rags

Rags are inconsistent in size and quality which can affect productivity. They come in bulky containers that take up space. Plus, because many rags are ineffective and thrown away, they add to landfill waste. Switching to WypAll® wipes can create new opportunities to consume less, reduce waste and cut costs.

Why make the change to disposable?

Throughout the wiping supply life cycle, WypAll® wipers are a best-in-class alternative to rags.
